Dated: 22 August 2023

**NOTICE**

**Please refer to attached circular from Government of NCT of Delhi regarding action to be taken on end-of-life/over aged vehicles plying on roads or parked.**

All abandoned old vehicles, mostly found rusting or unused in society premises, will now be impounded, with the Delhi government notifying a first-of-its-kind "end of life" guidelines for them.

The "Guidelines for Scrapping of Motor Vehicles in Delhi, 2018", issued by the Delhi Transport Department, covers petrol vehicles older than 15 years and diesel vehicles older than 10 years, that are barred from plying on roads under court orders.

The Managing Committee has been reminding all the members regularly to dispose of such vehicles which are lying unused. While the Managing Committee has been lenient with their regular notifications and reminders, the transport department's enforcement wing has decided to impound and scrap all such vehicles.

So this is your last time to dispose of the vehicles at a better price than what you would get for scrapping them. Also, if the vehicles have already attained their end of life time, than there is no choice but to get your vehicle scrapped rather than impounded. The department is also digitally tracking such vehicles that are nearing their end of life.

At the society premises, there are many vehicles lying unattended in the parking area for a long time. The Managing Committee will hand over these vehicles to enforcement department if not removed by 31 August 2023.
